The price bids of only those bidders will be opened whose Technical Bids would clear the technical evaluation.

1.3 The lowest bid will be decided upon the lowest rate quoted by the bidder without considering the taxes and duties levied by central/state/local government such as GST etc.

1.4 The bidders are required to spell out the rates of GST etc. in unambiguous terms, otherwise their offers will be loaded with the maximum rates of Duty / VAT is intended as extra, over the quoted process, the bidder must specifically say so. In the absence of any such stipulation it will be presumed that the process quoted are firm and final and no claim on account of such duties will be entertained after the opening of tenders. If a bidder is exempted from payment of Custom duty/Excise Duty/VAT duty upto any value of supplies from them, they should clearly state that no excise duty will be charged by them up to the limit of exemption which they may have. If any concession is available in regard to rate / quantum of GST, it should be brought out clearly. Stipulations like excise duty was presently not applicable but the same will be charged if it becomes livable later on, will not be accepted unless in such cases it is clearly stated by a bidder that excise duty will not be charged by him even if the same becomes applicable later on. In respect of the bidders who fail to comply with this requirement, their quoted prices shall be loaded with the quantum of excise duty which is normally applicable on the item in question for the purpose of comparing their prices with other bidders. The same logic applies to Customs duty and VAT also.

1.5 If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price will prevail and the total price will be corrected. If there is a discrepancy between words and figures, the amount in words will prevail for calculation of price.

The Buyer will have the right to award contracts to different Bidders for being lowest in particular items. The Buyer also reserves the right to do Allotment of Quantity, if it is convinced that Lowest Bidder is not in a position to supply full quantity in stipulated time.
